

PROJECT ENGINEER

Robson Civil Projects is a leading NSW civil contractor with offices in Sydney, Central Coast, Newcastle and the Hunter Valley. A vacancy currently exists for a highly motivated and experienced Project Engineer to assist in a role based in **Sydney**. Reporting directly to the Project Manager, the successful candidate will be well educated and qualified, with excellent planning, organisational and communication skills allowing you to manage multiple priorities within time, cost and quality constraints.

Main Duties and Responsibilities:

Assist with creation and management of construction programs and monitoring of progress while continually seeking opportunities to improve project performance.

Assist with ensuring project safety, technical and commercial objectives are achieved through adequate planning and delivery processes.

Track costs against budget and assist with ensuring project reporting occurs in a timely, transparent and thorough manner.

Encourage an environment of sharing knowledge and ideas to ensure continuous improvement within the project team while creating and maintaining a strong working relationship at appropriate levels within our customers' organisation.

Assist in the development and implementation of integrated Project Management Plans to ensure compliance with the Robson Management System.

Verify by audit / surveillance that health, safety and quality activities of the company and subcontractors are being conducted as required and manage all risks to be as low as reasonably practical.

Qualifications and Experience:

Degree in Civil Engineering or Construction Management.

Minimum 4 years' experience in **Civil** Project Management.

Experience with civil works project planning, subcontractor management, QA.

Competent computer skills (MS Word, MS Excel, MS Outlook, MS Project and MS PowerPoint).

Robson is an equal opportunity employer.

A competitive salary package will be offered based on qualifications and experience.
